

Discharge Criteria

Any of the following criteria is sufficient for discharge from this level of care:

1. The member no longer meets admission criteria, has been housed, and is able to maintain tenancy independently.
2. CSP-CHI service plan goals and objectives have been substantially met, and/or a safe, continuing care program has been arranged and the member is utilizing other community resources;
3. The member is not utilizing or engaged in CSP-CHI service;
4. The lack of engagement is of such a degree that treatment at this level of care becomes ineffective or unsafe, despite multiple, documented attempts to address engagement issues. In addition, it has been determined that the member has the capacity to make an informed decision, and the member does not meet the criteria for a more-intensive level of care;
5. Support systems have been identified and are being utilized that assist the member to maintain housing; or
6. The member is not making progress toward CSP-CHI service plan goals, and there is no reasonable expectation of progress at this level of care.
